HCN Game Night

Transformed Youth Center in Crosby Township

On March 24, the HCN hosted a Game Night at the Transformed Youth Center in Crosby Township. Members and friends got together to have fun, unwind, and play games! Some chose to do Easter crafts while others

chose to quietly observe. There was something for everybody.

The Youth Center is located at 9091 Church St in Crosby township, near the intersection of New Haven and Oxford Roads. It is owned and maintained by Miami Whitewater, a United Methodist Church. They wanted to create a safe, fun place for youth in our area and they have

Everyone had such a good time, we're doing it again. **Join us Thursday April 21, 5:30 – 8:00pm at Transformed Youth Center.** Music and snacks provided by HCN. See our website for details:

The mission of the Harrison Community Network is to provide every person with a developmental disability in western Hamilton County the opportunity to live, work, play and find health care within the community by identifying pathways that can consolidate and share supportive resources, identifying locally responsive, innovative direct service options and creating community partnerships that will enhance abilities and overcome disabilities for these residents of the Greater Harrison community.

Learning Opportunities – What do you want to Know?

One of the goals of the HCN is to bring Learning Opportunities to Harrison so families can stay close to home and still hear from experts in various fields. We have covered a lot of topics over the last few years, ranging from IEPs to financial matters to sexuality and relationships. Past Learning Opportunity presentations are available in the archives section of our website. If there is a topic we haven't covered that you want to know more about, let us know! We want to hear from you. Please contact us at info@harrisoncommunitynetwork.org.
